Hi,

We've asked you to verify your identity because it looks like you may have multiple accounts or may not be using your authentic identity.

If you've already tried to log in to Facebook and followed the instructions, but weren't able to verify your identity, please reply to this email and attach an image of your government-issued photo ID to the message. You can use a scanner or take a photo of your ID.

If you don't have a government-issued photo ID, you can also send us 2 different forms of ID (ex. school ID, credit card) that both show the same name. One of the IDs must also include a photo or date of birth that matches the information on your Facebook profile.

If you don't have an ID that shows the name you use in real life and your photo or date of birth, you can provide 2 forms of ID that show the same name and a government ID that includes a date of birth or photo that matches the information on your profile.

Learn more about the different types of IDs we accept in the Help Center: <https://www.facebook.com/help/159096464162185/?ref=cr>

Please note that we won't be able to process your request unless you've submitted an accepted form of ID.
